## Question \* Persuade \* Refer

If you think someone you know may be suicidal,  
think QPR;

- \* Question them and ask if they are considering suicide.
- \* Persuade the person to talk to you.
- \* Refer them to the appropriate professional help.

The Geauga County Suicide Prevention Coalition is funded by grants from the Geauga County Board of Mental Health and Recovery Services and the Ohio Suicide Prevention Foundation. Please join them by making a donation today!

# Suicide Affects Us All...

The Geauga County Suicide Prevention Coalition is a group of concerned individuals dedicated to reducing suicides in Geauga County by training professionals, social service organizations, business people, and members of community groups, and civic organizations in suicide prevention.

Our Speakers Bureau can tailor a training for your organization, from a 20 minute information session to a 2 1/2 hour training. Call 440-285-3945 and request a training today:

- \* In the schools
- \* In the court systems
- \* In the community
- \* In the workplace
- \* In the doctors office
- \* In places of worship
- \* In eldercare

**If your organization is interested  
in participating call  
or email Michelle Doehring at

# Teen Suicide Prevention Pilot Program

The Geauga County Suicide Prevention Coalition will train students at your local high school to develop and present a suicide prevention awareness program to their student body. The Coalition provides mental health professionals to work with the students to develop this program, and will train your teachers to support the students in suicide prevention.

Please call the Coalition to include your school in the Teen Suicide Prevention Project.
